Young Camino

Whether you're walking the Camino for the first time, going again, or want to experience that warm Camino feeling in the Netherlands. Whatever it is, you're welcome at Young Camino!

what we can do for you

We're happy to help you prepare for your Camino. We think along with you about both practical and personal matters. This can be during one of our events or through one-on-one consultations.

We also provide a safe space where you can share your Camino stories after returning, make connections with other Camino enthusiasts, and keep all your precious memories alive!

"It felt like a warm embrace, just like on the Camino"

"Thanks to the support I felt from the group, I felt ready and confident enough to set out on my own"

who we are

Young Camino is for everyone between 16 and 35 years old who wants to discover the Camino, relive it, or experience the pilgrim feeling close to home.

Young Camino is part of The Dutch Society of Saint James and was founded by three young pilgrims who love sharing their enthusiasm for the Camino with others. We offer a platform for inspiration, information, meetups, and group walks.
